**NOTICE OF WITHDRAWAL**

Arizona Corporation Commission  
**DOCKETED**

**APR 10 2009**

DOCKETED BY

On March 12, 2009, Chaparral City Water Company, Inc. ("CCWC" or the "Company"), filed an Application for authority from the Arizona Corporation Commission ("Commission") to (1) issue evidence of indebtedness in an amount not to exceed \$2,140,000.00 on the terms and conditions set forth below, and (2) encumber its real property and utility plant as security for such indebtedness. This debt was to be incurred for the purpose of constructing and installing a GFH arsenic treatment system to reduce the arsenic levels for water produced by Company wells Nos. 10 and 11 to below the maximum contaminant level (MCL). The arsenic treatment equipment would help to reduce arsenic levels by replacing the current blending system used to achieve MCL compliance, which reduces pumping efficiency.

1 The Application was filed as a pre-requisite to the Company's application to the  
2 Water Infrastructure Finance Authority ("WIFA") for project funding, which was made  
3 available by the American Recovery and Reinvestment Act of 2009. However, CCWC  
4 has since been informed by WIFA that the proposed project did not make WIFA's final  
5 list of projects in Arizona that would receive stimulus funds. Because the pre-requisite  
6 financing authority from the Commission is no longer at issue, the Company hereby files  
7 this Notice of Withdrawal of the Application.

8 RESPECTFULLY SUBMITTED this 10th day of April, 2009.
